

Students: In case you've not looked at this week's social studies lessons, we have this week and next week's lessons to complete & then it's smooth sailing to the finish line for this year! Let's get our work done. The general consensus is schools are **not going** to overlook work missing without consequences! **Saltillo ISD will be no different.** Please understand that & help others understand. Spread the word! Make sure you are current in your studies and lessons in **all of your classes.**

Thank you for your hard work! :)

Mrs. Johnson

Social Studies

7th, 8th, & 9th Grades
