Assignment: When Learn 360 Home page appears on your screen, Click on **Games & Activities**.

Lesson 1

1. Next, click on **Reading Activities**. Search & Click on **Abraham Lincoln Presidential Years (2)** located on the left side of the screen or under Grade 5+. Read the passage & answer the (10) questions that go with the passage. Do not change screens or log out. When you are finished, record the percentage of questions you marked correct. It will be like a grade for this lesson. Add it to the notebook paper you recorded last week's lessons on. Remember to keep the paper you are recording lesson information. You will be instructed to turn it in on a later date.

Lesson 2

2. While you are still on **Lincoln's Years (2)**, scroll down until you see **You May Also Like ..** locate **What is a Bank?** And click on it. Read the passage and answer (5) questions that go with this passage. When you are finished, record the percentage of questions you marked correct. Add it to the notebook paper you recorded last week's lessons on. Remember to keep the paper you are recording lesson information. You will be instructed to turn it in on a later date.

8th Grade American History

Search Website: Learn 360 You will need a pen/pencil and notebook paper.

Assignment: Click on **Games & Activities**. Be prepared to record your scores on a sheet of notebook paper to turn in at a later date. Put your name & date on the notebook paper.

Lesson 1 – From **Games and Activities**, Click on Reading Activities, scroll down, & click on Maya Lin. Read the passage & answer (10) questions that follow. Record your percentage score on notebook paper.

Lesson 2 – While you are still on Maya Lin. Scroll down to **You May Also Like.. Use the arrow key on the right side of your screen to** locate & click on **Starfish**. Read the passage and answer (5) questions related to this passage. Record your percentage score.

DIFFERENTIATED INSTRUCTIONS

In the event that a topic assigned has already been completed, or you have trouble locating the assigned topic, find a video on that topic, or a video close to it, and watch the video. Write down 2 or 3 sentences over what you saw in the video; like a short essay response. Record the title of the video & this information on the same paper you have with previous lesson activities so I can administer a grade and prove you did the work.

Remember I am very flexible with online assignments! 9th Grade Technology class has been working like this all year. We troubleshoot through the rocky parts as we learn the website and the curriculum it offers. Plus, we are not above changing the assignment to one that works best for us!

Remember, text or email if you have problems.
Keep up the GOOD work!

Be Safe! 😊
