

Online Assignments for the coming week have been posted in Google Classroom (as in the past week).

Remember that you first have to login to your Gmail account (as you do with all the subjects you are working with Google Classroom.). Then find the dots at the top right of the Google screen and find Classroom in the list. As shown in this short video.

https://drive.google.com/file/d/1CRMPLZSnkVSYJtHZqfySLfZq6_0HjQUQ/view?usp=drivesdk

Then insert the Classroom Code provided below to access.

All the instructions for the assignments are inside Google Classroom All the assignments are reviews and variations of what was studied in the past. No new subject / topic taught, as required by the school. Still, if you don't remember something, don't hesitate to contact me at my school email. Google Classroom also offers to leave messages, so you can also type a message for me inside the classroom.

The Classroom Codes to access the classes are:

Spanish 1: r5rg675

Spanish 2. pkdjbxn

You have to do the assignments that are marked for week: 04-20 / 04-24 2020. The assignments have a due date this time: 04-27-2020. If you haven't done the assignment by that delivery day, contact me, I will check if I can let you do it.
