TEA has released the A-F ratings for all school districts in Texas. While I am proud that Saltillo ISD received an overall score of 89, this is just a small part of what makes our district successful. Saltillo ISD is governed by a school board with a clear vision for high quality education. The employees of Saltillo ISD are exceptional and continually strive to provide the best education for our students. Our STAAR scores are great; our students leave high school ready for their next chapter in life; and our community, parents, students and teachers always give maximum effort to achieve greatness. Saltillo ISD earned all possible distinctions under the rating system including:

- Academic Achievement in Mathematics
- Academic Achievement in Science
- Academic Achievement in English Language Arts/Reading
- Academic Achievement in Social Studies
- Top 25 Percent: Comparative Academic Growth
- Postsecondary Readiness
- Top 25 Percent: Comparative Closing the Gaps

Any system that attempts to rate 1200 diverse districts in a state the size of Texas is inherently flawed. At Saltillo ISD we will continue to celebrate success of all types and at all levels. We appreciate the role parents and community members play in that success and look forward to recognizing the successes of our students in the 2018-19 school year.

Thank you
